

~~CONFIDENTIAL~~

17 November 1967

**MEMORANDUM FOR:** Chief, Map Library Division, Office of Basic and Geographic Intelligence

**SUBJECT:** ADP in the Map Library Division

1. A "seminar" is being planned in each division to discuss the role of ADP. The objective of this informal meeting is to discuss the problem of ADP potential, evaluate current practices, and recommend specific actions to implement the required training.
2. It would be most desirable to hold such a meeting at the Library where present efforts in ADP could be reviewed first-hand. I would suggest that Vivian, Doug, Ted, and yourself plan to attend.
3. I would suggest 0930 on 21 November 1967. A 2-2½ hour session should cover the proposed topic.
